The Section 72 report setting out the Financial Performance is annexed hereto as Annexure "B"

3. SERVICE DELIVERY ANALYSIS

a) CREATING A CULTURE OF PERFORMANCE

i) PERFORMANCE FRAMEWORK

Performance Management has been brought into Local Government with the introduction of the Municipal Systems Act, Act 32 of 2003 and more specifically chapter 6 which prescribes the framework that need to be implemented and this has been strengthened by the Municipal Planning and Performance Management Regulations, 796 of August 2001. Section 7(1) of the aforementioned regulation states that "A Municipality's Performance Management System entails a framework that describes and represents how the municipality's cycle and processes of performance planning, monitoring, measurement, review, reporting and improvement will be conducted, organised and managed, including determining the responsibilities of the different role players." This framework, inter alia, reflects the linkage between the Integrated Development Plan (IDP), Budget, Service Delivery and Budget Implementation Plan (SDBIP) and individual performance.

ii) FORMAT

- a) The Municipality's SDBIP consists of a Top Layer (TL) as well as a Departmental Plan for each individual Department.
- b) The Municipality's SDBIP consists of a Top Layer (TL) as well as a Departmental Plan for each individual Department.
- c) The Top Layer SDBIP measures the achievement of performance indicators with regards to the provision of basic services as prescribed by Section 10 of the Local Government: Municipal Planning and Performance Regulations of 2001, National Key Performance Areas and Strategic Objectives as detailed in the Integrated Development Plan (IDP) of the Ubuntu Local Municipality. The Top Layer SDBIP 2019/2020 was tabled by the Mayor the 28 August and approved by the Council on 2 September 2019.
- d) The Departmental SDBIP measures the achievement of performance indicators that have been determined with regard to operational service delivery within each department and have been aligned with the Top Layer SDBIP. The Departmental Plans have been approved by the Municipal Manager.
- e) The Quarterly Performance Assessment Report is structured to report on five (5) Municipal Key Performance Areas.
- f) The overall assessment of actual performance against targets set for the key performance indicators as documented in the SDBIP are illustrated in terms of the following assessment methodology:
