

# IMPLEMENTATION REPORT 01 JANUARY 2007 – 30 JUNE 2007

### An Implementation Report is:

- A report developed every 6 months to report on education and training implemented in the organisation;
- ❖ A key source of information about what training has taken place in the sector
- A document that will inform the LGWSETA's strategic priorities in the development of its support programme for organisations in the local government and water sector

#### INTRODUCTION

The Skills Development Act (Act No. 97 of 1998) and the Skills Development Levies Act (Act No. 9 of 1999) require SETAs to comply with the following:

- Develop a sector skills plan
- o Implement the sector skills plan
- Promote, develop and administer learnerships
- Support the implementation of the NQF
- Undertake quality assurance
- o Disburse levies collected from employers in their sector
- Report to the Director General and to SAQA

These Acts require employers to:

- Register with the South African Revenue Service (SARS) to pay the Skills Development Levy, equivalent to 1% of total annual remuneration
- Submit levy grant claims to the SETA as per the provisions of the Funding Regulations to access a percentage of the skills development levy which is intended to promote skills development. These levy grant claims are made against the mandatory grants available from the SETA, which are released on submission of a Workplace Skills Plan (15% of your levy payment) and two Implementation Reports per year (45% of your levy payment)

This legal framework and the National Skills Development Strategy is intended to encourage employers to comply with legislation and, by so doing:

- Contribute to the development of a culture of learning.
- Help to create a competitive and productive work environment, and
- Stimulate growth and employment in a sustainable way.

Employers are also required to consult representative structures when compiling their Workplace Skills Plan and their Implementation Report. The process of consultation must include:

- An allowance for trade unions to participate in and conduct audits and needs assessments for their members.
- The disclosure of necessary information as may be requested by trade unions subject to the terms of the LRA.

 Consultation in departments, sections, or at Labour Forum level before referral to central structures.

The purpose of a Implementation Report, therefore, is to provide employers with a report on actual training delivered against the training that was planned in the Workplace Skills Plan.

Implementation Reports also provide the LGWSETA with critical quantitative and qualitative information that enables it to:

- Monitor the provision of training within the sector
- o Identify problem areas with regard to the provision of training
- Identify trends in the provision of training with regard to the beneficiaries of training, the types of training provided and the use of training providers.

The Implementation Reports submitted by enterprises across the sector therefore serve as one of the *primary sources of statistical information and data* available to the LGWSETA in the development of its Sector Skill Plan. To ensure that this valuable information is recorded and utilised appropriately by the SETA, it is imperative that employers present information in a standardised format.

#### PLEASE NOTE:

- The Implementation Report covers the municipal financial year from 01 July of one year to 30 June of the following year. In order to facilitate the payments of the mandatory grants, these Implementation Reports are submitted twice a year, in January and July. You will therefore need to submit two reports each year, indicating on the report the period for which you are submitting the reports
- 2. The report format contains two sections one in Microsoft Word and one in Microsoft Excel. Both sections must be completed for you to claim your grants.
- 3. Enterprises may only submit Implementation Reports if they have submitted a Workplace Skills Plan for the Financial Year.
- An Implementation Report that is not signed by all the relevant parties cannot be approved by the LGWSETA. No grants can be paid out unless the Implementation Report has been approved.

This document may appear lengthy. However, large organisations will use each line, and small enterprises will fill in a few lines per section.

Local Government, Water and Related Services SETA Implementation Report

## SIGNATORIES to this Implementation Report for the period 01 JAN 2007 - 30 JUN 2007

Organisation:	U	В	U	N	T	U					
	MUN	IICIPALI	TY	I.	I.		· ·			1	1
Levy number/s:	L	9	0	0	7	4	2	7	7	8	

The signatories to this Implementation Report assert, on behalf of organised labour and organised employer groups, assert that, as far as they are aware, the information provided in this document is true and correct.

For organised employers
