

EMPLOYMENT EQUITY PLAN (EEP)

UBUNTU MUNICIPALITY

1. INTRODUCTION

1.1 Preparation of the Employment Equity Plan (EEP)

- 1.1.1 The Employment Equity Act, No. 55 of 1998 (the Act) requires the Municipality of UBUNTU to prepare an Employment Equity Plan (EEP).
- 1.1.2 This Employment Equity Plan (EEP) has been prepared in terms of the requirements set out in section 20 (1).
- 1.1.3 The employment policies and practices of the municipality have been evaluated and specific actions were recommended to ensure that equal opportunity and fair treatment would be promoted through the elimination of unfair practices and the implementation of affirmative action measures.
- 1.1.4 The municipality's new organisation structure has just been finalised; this EEP is therefore based on the current position and has to be amended as soon as the organisational re-structuring and placements are finalised.

1.2 Period of 5 years

- 1.2.1 The EEP has been developed for a 5 year period, namely from 2005 to 2010. The Municipality will report on progress each year as per the Act and will regularly review and update the Plan as required.

1.3 Consultation

- 1.3.1 It is important that the EEP should reflect the collective vision of the staff of the Municipality. The Municipality therefore established the EE Consultative Forum. The EE Consultative Forum comprises representatives from across the Municipality as well as employee organisations and will be the structure to assist the Municipal Manager and the Council in monitoring progress on the implementation of the Plan.
- 1.3.2 The EE Consultative Forum was consulted in the development of this EEP; specifically in regard the analyses of the employment policies and practices, the workforce profile and the preparation of this EEP and report.

1.4 Implementation

- 1.4.1 The implementation of the EEP and ensuring that the Plan is properly followed through lies with the municipality. The Plan is an internal "working document" and should be used as such.

1.5 Assigned Manager

- 1.5.1 The "**Manager: Corporate Services**" is the assigned manager in terms of section 24 of the Act.

- 1.5.2 The responsibilities of the assigned manager are to implement and monitor the EEP. The employer must take reasonable steps to ensure that the assigned manager perform his functions and should provide him with the authority or mandate and means (“budget, resources”).

2. VISION AND OBJECTIVES

2.1 *Vision and Strategic Objectives of the Municipality*

2.1.1 Vision: “The provision of efficient, sustainable and affordable services to the inhabitants of Ubuntu within a safe environment”

2.1.2 *Strategic Objectives:*

- “Spatial and Land Reform Goals
- Socio-economic Goals
- Infrastructural Goals
- Economic Goals
- Institutional Goals”

2.1.2 The EEP has been compiled with the above vision and strategic objectives of the municipality in mind to ensure that the Plan should also be supportive to the achievement of the municipality’s objectives.

2.2 *Vision, Objectives, Values and Principles regarding Employment Equity*

Our Vision

The Municipality’s vision for Employment Equity is to maximize the benefits of diversity, equal opportunity and fair treatment of employees, to maximize growth of employees so that the Municipality delivers a high quality service to the people of Metsimaholo, particularly the poor and those historically disadvantaged.

Our Objective

The Municipality is committed to achieving equity in the workplace by promoting equal opportunity and fair treatment in employment. To this end, the Municipality aims to eliminate all unfair discrimination and implement Affirmative Action measures to redress the disadvantages in employment experienced by designated groups and to ensure their equitable representation throughout the workforce.

Our values and principles underpinning our Employment Equity Plan

Respect for all individuals in the Municipality.

Belief that diversity is strength and that we can make an important contribution to achieving the objectives of the Municipality.

Belief in taking proactive measures in the employment of designated groups.

The principle of merit will be fundamental in the implementation of the plan.

A belief in the principle of redress whereby preferential treatment will be accorded to people from designated groups.

A belief that the process must be participatory and transparent underpinned by effective communication cost effectiveness, productivity and improved service delivery.

Belief that a learning environment should be created and sustained at all times.

A belief in unity and diversity.

3. SITUATIONAL ANALYSIS

3.1 Sources of information

The EEP has drawn on a number of sources to guide the strategies and activities set out in the Plan. These include:

- Qualitative survey
- Payroll
- Analysis of employee statistics

The Municipality will take further steps in establishing suitable data collection and analysis for monitoring and evaluating the effectiveness of the Employment Equity Plan.

3.3 Employment Policies and Practices

The Municipality analysed the existing employment practices and policies to identify barriers to employment equity. The following points should be noted:

- (a) The Municipality recently completed the process of amalgamation and will finalise its human resource policies to align them with the vision and mission of the new municipality. The new policies will go a long way towards eliminating the barriers to employment equity.
- (b) In a number of instances, it is the way in which policies are applied, i.e., the practices rather than the policies themselves that present barriers to employment equity.
- (c) Some policies and procedures affect employees in the designated groups as well as employees in the non-designated groups. While the Municipality's Employment Equity Plan focuses on designated groups, the Municipality is of the view that addressing policies and procedures that have a negative impact on all employees is also necessary for building a positive organization culture that supports employment equity.

The following barriers were identified during the analysis.
